

## Turn Your Sales Team Into Revenue Powerhouses

Great sales teams don't just hit targets, they outperform them. But fragmented data, inconsistent coaching, and manual processes hold even the best teams back. SentientPro Team Licenses give you real-time pipeline visibility, AI-driven coaching, and seamless collaboration all in one place. Manage users, track performance, and export insights to keep your team aligned, motivated, and ahead of the competition. Stop guessing. Start leading.

### Manage Users & Teams

Onboard, manage, and train your team effortlessly. Add or remove users, track team leaderboards

### Call Insights Across Users

Understand what's working and what's not. Track call outcomes, engagement signals, and follow-up actions.

### Easy-to-Export Reports

Data should work for you, not the other way around. Export pipeline health, call insights and much more.

### Team Leaderboards & Training

Turn competition into growth. Use team leaderboards to motivate and custom training modules to upskill

## For leaders who want more than just another tool.

- **Sales Managers:** Coach your team with data, not guesswork. Spot trends, address gaps, and drive performance with real-time insights.
- **Revenue Leaders:** Scale your pipeline with unique visibility into every deal. Reduce churn, increase velocity, and hit your number consistently.
- **Sales Ops: Simplify your stack.** Replace manual reports and disparate tools with **one platform** that does it all.
